Property Description

General Site Overview:

Quincy is located just seven miles south of downtown Boston, convenient by car or public transportation. This historic city, birthplace to two U.S. Presidents, offers abundant culture, notable landmarks and an appealing mixture of tradition and current society. With 27 miles of coastline, nearly a dozen beaches and a thriving city center, it is logical that Quincy was recently named by BusinessWeek magazine the best town in the state to raise children.

Building Description:

Formerly the Elk's Building, this historic downtown Georgian structure has been converted into an elegant four-level office building. On the exterior, many original features, such as the arched windows, columned entrance and brick and granite façade, have been retained. The dramatically lit interior is completely new and incorporates an atrium, marble floors, and mahogany doors and woodwork.

Unit Details:

Unit #320 offers open space and three offices. Located on the third floor, handy to elevator and restrooms. Formerly occupied by a law firm, the 1,635 square foot unit is spacious and offers excellent potential for the right tenant.
