Suite 325 - Downtown Quincy - Property

Quincy has been in the process of undergoing a major \$1.6 billion dollar transit-oriented, mixed use redevelopment giving an updated look, a mixed use development, added pedestrian appeal and added parking, while maintaining the character and charm of the city. This project is already underway to provide a planned 700,000 SF of retail, 1,000,000 SF of office space, two hotels, 1,200 residential units and over 5,000 new structured parking spaces.

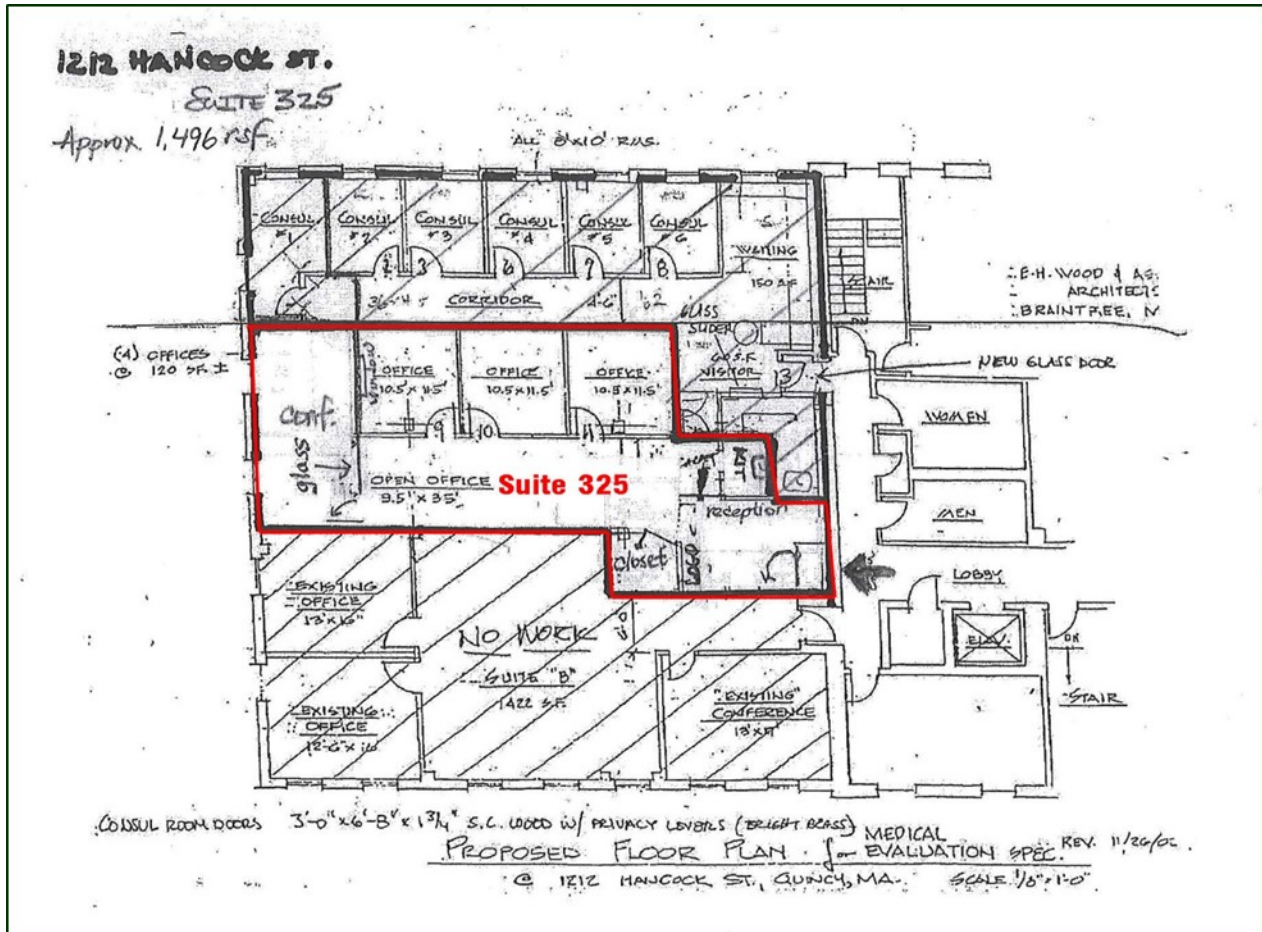

Formerly the Elks Building, this downtown Georgian structure has been converted into an elegant four-level office building. The exterior has many original features, such as the arched windows, columned entrance and brick and granite façade, all of which have been retained. The dramatically lit interior is renovated incorporating an atrium, marble floors and mahogany doors and woodwork. Suite 325 contains 1,496 SF of professional office space on the third floor accessible via staircase or elevator.
